About the GSEF

An international organization

Founded in Seoul in 2013, the GSEF – Global Forum for Social and Solidarity Economy is an international network bringing together local governments, SSE networks and organizations, public institutions, youth organizations, social and solidarity finance actors, as well as universities and research centres committed to advancing the Social and Solidarity Economy.

With 94 members across 36 countries on five continents, GSEF is driven by a shared conviction: the major social, economic and environmental challenges of our time can best be addressed through territorial approaches built on cooperation between local governments, civil society, academia and economic actors.

gsef-net.org

The GSEF is structured around five key areas:

-  **Advocacy on a local, national and international scale**
-  **Training and boosting regional abilities : from awareness-raising to public policy development**
-  **Promoting initiatives and experience sharing**
-  **Support for the development of public/private actors networks**
-  **Applied research and publications**

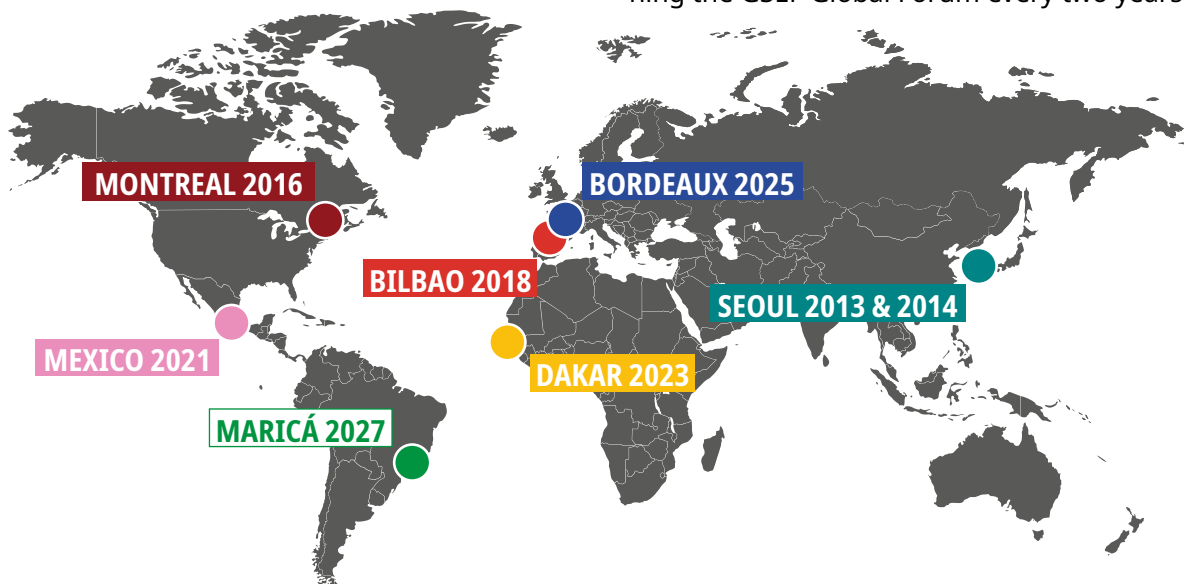

Over the years, GSEF has established itself as one of the leading international platforms for dialogue, cooperation and advocacy in support of the Social and Solidarity Economy. Its work is built around several complementary pillars: fostering continental dynamics, producing knowledge, developing international cooperation, and organizing the GSEF Global Forum every two years.

A Flagship Event: The GSEF Global SSE Forum

Hosted every two years by a member city, the GSEF Global Forum has become one of the leading international gatherings dedicated to the Social and Solidarity Economy. It brings together local governments, SSE organizations and networks, public institutions, researchers, social and solidarity finance actors, youth organizations and international partners to address the major challenges facing territories worldwide.

Each edition also serves as a platform for collective dialogue and the development of policy recommendations aimed at strengthening the recognition of the SSE in public policies at the local, national and international levels.

Following Seoul, Montreal, Bilbao, Mexico City and Dakar, the 7th edition of the Forum was held in Bordeaux, France, from 29 to 31 October 2025. veloping international cooperation and convening the GSEF Global Forum every two years.

The Scientific Committee

The Scientific Committee, composed of academics, practitioners, and national and international experts, defined the Forum's overarching theme:

"The SSE, a precondition for a just transition towards resilient territories and the well-being of their inhabitants".

This overarching theme was then translated into seven thematic tracks, which formed the basis of the call for contributions launched in late 2024.

More than 1,200 proposals were submitted and subsequently reviewed by the Scientific Committee to develop a programme reflecting the diversity of experiences, territories, and challenges shaping the Social and Solidarity Economy.

The BordeauxGSEF2025 Scientific Committee was chaired by Timothée Duverger, historian, lecturer at Sciences Po Bordeaux, and Director of the Terr'ESS Chair. It was coordinated by Jeanne Morel, first as an apprentice within GSEF and subsequently at Bordeaux Métropole.

A comprehensive process of reviewing, selecting and aligning the proposals made it possible to build a rich and balanced programme, bringing together contributions across 13 plenary sessions and 162 panel discussions, while fostering meaningful dialogue, complementary perspectives and a diversity of viewpoints.

Speakers Directory

With more than 900 speakers, BordeauxGSEF2025 brought together one of the largest international gatherings dedicated to the SSE. Researchers, elected officials, local government representatives, public institutions, international networks, civil society organizations, SSE enterprises, mutuals, cooperatives, foundations and partner organizations came together to share their experiences, insights and initiatives. This directory is intended to extend the conversations initiated during the Forum, facilitate new connections, and showcase the breadth of expertise brought together in Bordeaux.

Designed as a searchable resource of expertise, it enables readers to quickly identify speakers according to their areas of expertise. Entries are organized around the seven thematic tracks that structured the BordeauxGSEF2025 programme, making it easier to navigate the directory, identify relevant expertise and foster new collaborations.

Plenary Sessions Speakers

Pathway 1

Financing the Transition: What Tools to Support the SSE?

Pathway 2

Advancing the Ecological Transition: Energy, Food and Waste

Pathway 3

Advancing Decent Work: Employment, Democracy and Inclusion

Pathway 4

Working Together: Cooperation, Territories and Public Action

Pathway 5

Empowering People: Autonomy for All

Pathway 6

Caring: The SSE as a Key Provider of Social Services

Pathway 7

Imagining a Desirable Future: Innovation, Impact and New Narratives

The Speakers Directory was compiled by ACC'ESS, the student cooperative of the SSE and Social Innovation Master's programme at Sciences Po Bordeaux.

ACC'ESS supports organizations across Nouvelle-Aquitaine and beyond in developing their Social and Solidarity Economy initiatives through consulting, research, communications and operational support.
